LAST ACT OF ARMS CONFERENCE IS BINDING MAGNA CHARTA FOR CHINA AND THE GREAT FAR EAST

Open Door A Lasting Fact In Nine Power Treaty. Custom Treaty Provides For An Increase Revenue For Giant Nation. Set Up Board To Hear All Disputes. Territory Made Secure

SIGNATURE TO BE ATTACHED ON MONDAY

Continental Hall, Washington, D. C., February 4.—The Washington Conference today formally projected sweeping covenants to govern the future activities of the powers in China. This action of the Conference, designed to insure peace in the far east, brings to an end all the deliberations of the great conference. Only the signing of the pact and a formal address by President Harding on Monday, remain. The treaty and agreements formally agree to:

A general nine power treaty on China containing immediate peace for free China and to make the "open door" a lasting fact, this to be the first binding Magna Charta for the far east.

A nine power custom treaty on China, providing for a revision upwards of China's customs duties, which will bring an increased revenue to China of \$46,167,000 annually.

A resolution by which the nine powers agree to the establishment in China of a Board of Reference, to which all questions concerning the open door and railways, articles of the general Chinese treaty, are to be referred for investigation and report.

A declaration whereby China on her part is prepared to give an understanding not to alienate or lease any portion of territory to any power, this being one of the Chinese for a long time presented at the beginning of the Conference.

Shot to Death

William E. Taylor, movie director and president of the Motion Picture Directors Association, who was found shot to death in his Hollywood bungalow Feb. 2.

LATEST MURDER IN MOVIELAND REMAINS UNSOLVED MYSTERY

Los Angeles, Cal., Feb. 4.—The big producers of the film world and the studios of Jesse L. Lasky, Mabel Normand and Mary Miles Minter are expected to help clear up the killing of William D. Taylor, the veteran director, who died as mysteriously as he lived.

Killed For Revenge

After hours of investigation the police had reached one conclusion; that Taylor was killed for revenge, but they admitted they were in the dark as to what was back of the revenge. Detectives were working on the theory that the killer was a jealous lover of one of Taylor's friends among the women screen stars. Today they made extra efforts to capture Howard Sands, a former valet of Taylor's who was discharged on attempting to rob Taylor. Sands is wanted for desertion from the Columbus, Ohio, barracks as well as for the robbery of Taylor.

Interest in Stars

Interest in the inquiry today centered around the stories of Mabel Normand and Mary Miles Minter, both of whom were rumored to have been engaged to Taylor but both denied these charges.

More Are Involved

Los Angeles, Cal., Feb. 4.—The claim by Clair Windsor, film star, that Taylor threatened to kill Edward P. Sands, his former secretary, was contradicted today by Miss Betty Francisco, Miss Windsor's claimer that at a party at the Ambassador Hotel, Taylor said, "I will kill that fellow Sands if I ever lay my hands on him." Miss Windsor named those attending the party besides Taylor and herself as Antonio Moreno and Miss Francisco. Miss Francisco said "I was at the party that day but I was not with her party and did not see Taylor at all."

Hunting Bad Actor

Los Angeles, Cal., Feb. 4.—Dapper Dan Collins, alleged master blackmailer is wanted for questioning in connection with the murder of New York last May of John J. Reid. William D. Taylor, it was revealed today by private investigators on the

CHARLEROI TRAIN MAN KILLED TODAY NEAR DRAVOSBURG

Pittsburgh, Pa., Feb. 4.—One man was killed and two others injured in a collision between freight train on the Monongahela Division of the Pennsylvania Railroad near Dravosburg early today. A south-bound freight train collided and a north-bound freight crashed into the wrecked train. D. D. Dillon, aged 28, a brake man of Charleroi was instantly killed and the engineer and fireman of the south-bound train were injured.

GOVERNOR SMALL TO FACE TRIAL MARCH 6 ON CONSPIRACY

Waukegan, Ill., Feb. 4.—The trial of Len Small, Governor of Illinois, on charges of conspiracy to juggle millions of dollars of State funds, was today set to start Monday, March 6th. The date was set by Judge Clark Edwards in Lake County Circuit Court.

HEALTH BOARDS OF STATE TO CONVEENE AT ALTOONA SOON

Harrisburg, Pa., Feb. 4.—The State Department of Health announced today that arrangements had been made for the holding of a convention of the Boards of Health of several counties in the western part of the State at Altoona on March 10th. Closer co-operation between the State Department and the local Boards of Health is the purpose of the meeting. On March 17th a similar meeting to include Clearfield, Bedford, Blair and Huntingdon counties will be held at Altoona.

Eighteen Months Shows 19 Per Cent Reduction In Living

Washington, D. C., Feb. 4.—The cost of living in the United States has decreased 19.5% in the past eighteen months according to Department of Labor figures just announced. Cincinnati has made the greatest progress towards a pre-war living cost. In the United States a whole the cost of living is 74.5% higher than it was in 1914.

ALLEGES FORCED MARRIAGE; SUES FOR DIVORCE

Nellie Chambers, of DuBois, filed an application for divorce in Prothonotary Ralston's office yesterday morning in which the facts set forth are the most peculiar to come before the local court in many a day.

The petitioner declares that she was married Feb. 10, 1917, at the age of 17 years against her will, that the ceremony was forced upon her by her husband and her family and was for the purpose of legitimizing a child begotten by force and against her will. That she never consented to the marriage, alleging that her name was signed by her father when she refused. Also that she protested against the marriage in the Ralston's office before and during the ceremony but that the Justice of the Peace, the late James Bryan, told her it would have to be performed or she would get in trouble; that he told the "Squire" the groom and her family present that she would never acknowledge the marriage or live with the husband provided thereby that the husband took her to DuBois following the ceremony, where he kept her three days although she would not live with him or have anything to do with him, and that at the end of three sleepless days and nights she returned to her home in DuBois and had never been or cohabited with her husband, that she is now 21 years of age and desires to have the marriage annulled by the divorce route.

The two children, Frank and Harry were taken to the Kittanning Hospital on Thursday afternoon, suffering from no burns, but it was believed they had inhaled smoke. Shortly after being admitted to the hospital, the condition of the children took a serious turn and death occurred shortly before noon at the hospital today. The tragedy has caused a wave of sorrow to pervade the DuBois community, and much sympathy is being expressed for Harold, the little cripple, who is the sole survivor of the family.

Rabbit Hunter Finds January Bum Season; Others Are Punished

Mike Holbrinski, of Morgan Run, was arrested and fined \$10 and costs for violating the state game laws on January 30th. The arrest was made by Deputy Game Protector William J. Delansky of Houtzdale, who caught Holbrinski in the act of tracking and having one of the bunnies in his possession.

Deputy Game Protector Delansky reports three other arrests for violating state game laws for the month of January as follows: Joseph D. Vevitt of Perwood, for killing a buck fawn in closed season and fined \$125 and costs. John Orlinki of this city, for trapping rabbits in closed season, fined \$10 and costs. George Orlinki, brother of John Orlinki, also of this city arrested for killing rabbits illegally, fined \$10 and costs.

Harrisburg Youth Accused Of Slaying Father, John Smeltz

Harrisburg, Pa., Feb. 4.—A warrant for the arrest of Lloyd Smeltz, implicated in the murder of John Smeltz, his father, was issued by Alderman Windsor, charging him with the crime. Smeltz will be held in the County Jail pending a preliminary hearing to be held here next week.

House Breakers Caught In Railroad Yards By Officers Yesterday P. M.

Deputy Sheriff Hummelbaugh and Chief of Police Hitt rounded up a housebreaking suspect down in the New York Central Railroad yards yesterday afternoon and landed him in the lockup after a strenuous chase.

Word was telephoned the Sheriff's office yesterday morning by Ed. Killinger, who lives near Shawsville that two men had broken into his home, stolen a pocketbook, overcoat and other articles and were headed towards Clearfield. The local police were also notified to be on the lookout for the robbers. Shortly after dinner while combing the lower brick yards and railroad yard, one of the suspects was located.

When he saw Sheriff Hummelbaugh and Chief Hitt heading his way, the suspect took to his heels, dodging in and out around the cars standing on the yard tracks and finally Chief Hitt jumped him from cover at the lower end of the yard, when the fellow set sail on a straight away race toward WB tower. The Chief proved to be the better sprinter and while it took him 11 minutes to make the hundred he was much too fleet of foot for the suspect and soon ran him down.

When captured the fellow gave his name as Joe Wood. He was placed in the lockup until evening when Killinger came to town and identified both the robber and his stolen property. Wood was then sent to jail in default of \$300 bail to answer at Criminal Court.

G. Morris Knarr was taken home from the Clearfield Hospital and will be confined to his rooms for some time.

Weds Again

Mrs. Lillian Wheeler, of Philadelphia, the 6-year old daughter of Mrs. Lillian Wheeler, a former resident of Clearfield, has fully recovered from a three months' siege of illness following an attack of pneumonia. The little girl is now able to attend school and the local friends of the family will be pleased to learn of this.

ROTATION SYSTEM AN ADVANTAGE TO WILLIAM I. SWOOPE

Clearfield Candidate Expects Republicans To Insist On County Getting Nomination.

IS AT WORK EARLY

According to the rotation system, which has been in force in this Congressional district for the past forty years, it is Clearfield County's turn to furnish the nominee next year and with that in mind, William I. Swoope, of Clearfield has formally made announcement for the Republican nomination.

"In 1918, I was a candidate for the nomination," writes Mr. Swoope, "and was defeated by only nine votes. I accepted the result without demur and loyally supported the election of my successful competitor. In 1920 I was not a candidate for the nomination as the custom of this district has always been to give the incumbent two terms."

There is little or no doubt that many members of his party will turn to Mr. Swoope next year, who gave their votes to his successful competitor in the primaries of 1918. Mr. Swoope is able, he is an orator of national repute, having been one of the leading speakers in all the national campaigns since 1896, traveling over a dozen states. In the event of his nomination and election the district will be aware that it has a representative in Washington.

William Irvin Swoope is a native of the County seat of Clearfield, a son of United States District Attorney H. Bucher Swoope. He was educated in the Clearfield public schools, Harvard University and Harvard Law School. He is one of the leading attorneys of Central Pennsylvania and served two terms as district attorney of his home county. Twice he has been served as Republican County chairman, has been delegate to the state convention, and was elected by a large majority as the delegate from his district to the national convention.

Mr. Swoope was appointed Deputy Attorney General of Pennsylvania in January 1919, in which position he is still serving.

MAIL TO THE STATE CENTRE ELECTRIC CO; IT REDUCES RATES

Harrisburg, Pa., Feb. 4.—The Public Service Commission was today notified by the State Centre Electric Company, supplying service in Bellefonte, Milesburg, Unionville and nearby communities that on March 1st it will decrease its rates for general lighting, cooking, motors and moderate sized power service.

Little Miss Mabel Wheeler, of Philadelphia, the 6-year old daughter of Mrs. Lillian Wheeler, a former resident of Clearfield, has fully recovered from a three months' siege of illness following an attack of pneumonia. The little girl is now able to attend school and the local friends of the family will be pleased to learn of this.

BRADFORD TOWNSHIP IMPROVED ROADS MADE SECURE

Large Delegation Visit Court House And Demand Roads They Voted For Be Built.

ASSURANCES GIVEN

A large delegation of influential Bradford Township citizens met the County Commissioners at the Arbitration Room Friday afternoon for the purpose, as one of the spokesmen for the delegation put it, of getting down to "brass tacks" on the question of improved township and county roads in Bradford.

Several months ago the progressive citizens of Bradford township voted to bond the township for \$38,000, the money to be used in building an improved road from the Vulcan Trading Company's store in Woodland to the cross-roads at Pleasant Valley church, a distance of approximately three miles and the road from the Pennsylvania tracks through the village of Bigler, a distance of seven tenths of a mile to the crossroads at George Wilson's.

Good Roads Action Wrong

At the meeting of the Executive Committee of the Clearfield County Good Roads Association held July 8, 1921, the following resolution pertaining to Bradford township was passed:

"Bradford Township road from P. R. R. crossing at Bigler towards Allport, just as far as was authorized by vote of the township, that the Commissioners reserve enough of Bradford Township's money to pay one-fourth cost of building a road from Bigler (or Wilson's) cross-roads towards Allport, to wit: to the Graham Township line; that they build one mile of road from Woodland toward Shawville; if there be sufficient funds to pay one-fourth of cost in Supervisor's hands."

The program adopted by the Good Roads Association was approved by the County Commissioners and they agreed to carry that program out with the result that when the State Engineers began their survey in Bradford Township they only surveyed one mile on the Pleasant Valley road.

Those Bradford Township fellows know what they want and when they agree to pay their share of the cost of anything they want just what they think they are buying. Accordingly when the news of the survey got about over the township it developed some very hot Bradford farmers.

Taxpayers Protest Program

A petition containing the names of 209 of the leading taxpayers of the township was presented to the Commissioners protesting against the road building program proposed according to the action noted above. The petitioners demanded that in case the \$38,000 provided was not sufficient to pay the township's one-fourth share of the roads specified at the special election and upon which the people decided by their votes, then they asked that each of the two proposed roads be given their pro rata share instead of allowing 100 per cent. for the one piece through Bigler and cutting the important road so far as Bradford Township interests are concerned.

Solomon Like Wisdom Costs Dubois Poker Players \$20

Judge Bell displayed a measure of the wisdom which made our noted friend, old Solomon so far famed when he rendered a decision in a DuBois case which he heard yesterday morning. The facts as they were given showed that on Dec. 24th last Frank J. Burkus, William Riddle Miles Martin and Mike Evans were engaged in a little game of pastime poker. It appears that one of the men owed Evans \$20 and it is alleged when he raked in a pot containing two ten dollar bills Evans not only demanded his money but grabbed for the long green. He got hold of one end of the two tens and as the other fellow had a non-slipping clutch on the other end, the bills were torn in twain, each fellow retaining halves of the two bills.

The rough house resulted in Burkus giving Evans a "blue eye" and also having him arrested for assault and battery. Burkus who was host to the party, was then charged with gambling, etc. The parties named arrived here yesterday on the cross suit. Following the story of the affair the two men having the torn bills each presented his pair of halves and Judge Bell was asked to determine the owner. He was assisted in the matter by the announcement by District Attorney Arnold that the litigants had agreed to settle among themselves by withdrawing the different charges. Whereupon Judge Bell declared the two torn tens were the property of the officers of the law and the court would be devoted to the payment of the costs, in addition to the other thirty or forty dollars necessary for that purpose.

All to be subject to the general terms herein.

The Receivers have the right to require of any person or persons offering to bid a deposit equal to at least 10% of the value of the parcel or property upon which such bid is proposed to be made, as a pledge that such bidder will make good his bid in case of acceptance by the Receivers and confirmation by the Court. The deposit received from any unsuccessful bidder will be returned to him when the property has been finally knocked down, the deposit received from any successful bidder to be held until after confirmation of sale by the Court, and in event such bidder fail to comply with any Order of the Court relating to the payment of the purchase price or to comply with the terms of this sale, then any sum so deposited or paid will be forfeited as a penalty for such failure and retained by the Receivers to be applied to the payment of the expenses of any resale of such property and the making good of any deficiency or loss under such resale. In case any sale be not confirmed by said Court, the deposit of any bidder, therefor will be returned forthwith.

The Receivers may from time to time adjourn or postpone this sale without further notice by advertisement, proceed with the sale upon any date upon which the same may have been adjourned, the sale to be by public auction or outcry upon the premises.

All bidders shall be required to pay at least 10% of the amount of their respective bids at the time the property is knocked down, credit to be allowed for any amount deposited with the receivers as a condition precedent to bidding, and 40% of said purchase price at the time of the confirmation of the sale by the Court, and the remainder in six months from the date of such confirmation, with interest thereon from such date, and to be secured by bonds and mortgage entered of record, bearing the same date and to be executed, delivered and recorded

Freedom of Knees

LESSON FOR FEBRUARY 5

ELIJAH TAKEN UP INTO HEAVEN

LESSON TEXT.—II Kings, 2:1-15.
GOLDEN TEXT.—Be thou faithful unto death, and I will give thee a crown of life.—Rev. 2:10.
REFERENCE MATERIAL.—Mark 9:2-8; 11 Tim. 3:1-5.
PRIMARY TOPIC.—God Taken Elijah to Heaven.
JUNIOR TOPIC.—Elijah Taken Up into Heaven.
INTERMEDIATE AND SENIOR TOPIC.—Elijah's Champion Exalted.
YOUNG PEOPLE AND ADULT TOPIC.—Divine Approval of Faithful Service.

1. God Reveals to Elijah His Appointment (v. 1).
It was made known to Elijah that he was to go to heaven by a whirlwind. There is a striking correspondence between his life and his home-going. Much of his life was characterized with the rush of the storm, so God chose to take him home to himself in the whirlwind. As a reward for his faithfulness, God lifted the prophet over death into heaven. Elijah did not choose the time of his home-going, but was ready.

2. Elijah's Closing Ministry (vv. 2-8).
Knowing that the time of his home-going was near, he did not change his manner or method of life, but thoughtfully and calmly pursued his customary duties.

3. Visits the schools of the prophets (vv. 9-10).
At the Lord's direction he went to give his farewell counsels to the young students, whom he had been training and upon whom the future of the nation (politically and religiously) so largely depended. He made regular rounds in visitation and instruction. Schools were located at Gilgal, Bethel and Jericho. His educational work shows him to have been not merely an iconoclast, but a statesman of a high order.

4. Transfers Elijah to his successor (vv. 9-10).
There was a real friendship between Elijah and Elisha, though the one was old and the other young. Elisha came into the life of Elijah in the field when Elijah called him from the plow (I Kings 19:19-21). Elisha clung to his master to the very last in spite of the urgent requests for him to remain behind. These tests were somewhat like those of the Master with Peter (John 21:15-17). The great object was to get him ready to take up the work which Elijah was to lay down. The order of progress of the journey indicates, says Scofield, "the experience of every child of God who enters into a vital experience of God's best. That walk began at Gilgal. The typical significance of Gilgal cannot be mistaken by any reader of Joshua. Gilgal was the place where a redeemed people rolled away the reproach of Egypt (Josh. 5:10)."

5. The next stage was Bethel—Joins of God—the place of vision, of spiritual insight, for Bethel was the place where Jehovah gave Jacob the great vision (Gen. 28:10-17). The next stage was from Bethel to Jordan. Jordan stands for the New Testament truth, credited with Christ. There, on the resurrection side of Jordan, the gift of power awaited the prophet.

6. Elijah's Rapture (vv. 9-11).
1. Elisha's request of Elijah (v. 9).
The walk of Elisha with Elijah from Gilgal to Jordan has prepared him for the final question of Elijah before his rapture. Elisha knew that it was safe to allow Elisha to choose for himself. Elisha made a noble request—did not ask for riches, honor or position. He supremely desired the qualifications which would enable him to worthily succeed Elijah. Curiously enough, however, Elisha performed twice as many miracles as Elijah.

2. The condition of receiving was steadfastness and perseverance (v. 10).
He must have faith in the invisible life in order to have power for public ministry.

3. Elijah's rapture (v. 11).
It seems that he went to heaven in a chariot of fire enveloped by the whirlwind. Elijah underwent that change which all believers shall experience at the appearing of Christ (I Cor. 15:51, 52).

4. The Spirit of Elijah Upon Elisha (vv. 12-15).
1. Elisha's cry (v. 12). He cried after Elijah, "The chariot of Israel and the horsemen thereof." This shows the value of a godly man to his country. It implies that Elijah was the true national defense. Godliness and character are more important than armies and navies.

2. Elisha uses the power (vv. 13, 14).
He had faith to put the power to test.

3. The spirit of Elijah on Elisha (v. 15).
This was confirmed by the sons of the prophets.

A Prophecy of Christ.
And the angel of the Lord protested unto Joshua, saying, Hear now, O Joshua the high priest, thou, and thy fellows that sit before thee; for, behold, I will bring forth my servant the branch. In that day, saith the Lord of hosts, shall ye call every man his neighbor under the vine and under the fig tree.—Zechariah 3:8-10.

Will Build Road Wanted
Friday afternoon's meeting was the result and when Attorney H. B. Hartwick and his red hot delegation of Bradford yeomanry met the County Commissioners and County Attorney Woodward, things looked squally for a time. Bish Lansberry, John G. Malnes, J. M. McDowell and several others of the delegation spoke right out in meeting what they thought of the situation and Attorney Hartwick added a legal conclusion or two.

The clouds were then blown away and all was soon peace and harmony again when County Solicitor Woodward made the statement on behalf of the Commissioners that the proposition specified in the special election program would have to be adhered to; that nobody would be privileged under the law to expend one penny or hold back one penny for the building of any road beyond the distance specified and voted on.

Mr. Woodward also said that the County Commissioners would have the surveys completed and very shortly would ask the Supervisors of Bradford Township to enter into a contract agreeing to build the roads and at that time the roads to be built will be specified, and at the time this contract or agreement is signed the township will be asked to pay over to the

Money Enough for Both Roads
According to the estimates of the State Highway Department Engineers, Bradford Township's \$38,000 will pay the one fourth share of 19,530 feet of improved road and this should and no doubt will complete entirely the two pieces of road which the voters of the township decided by their ballots should be improved.

"Bradford Boys" Mean Business
The Bradford delegation were dead game sports and not only knew what they wanted but had the cash ready to pay for their roads. When the question was raised by the County Solicitor that right of way and other incidents might require a couple of thousand more than the bond issue called for, Spokesman Lansberry told would find enough people down in Bradford ready and willing to contribute that amount to complete the job. Make no mistake, that Bradford crowd is there, both ways from the middle and they are going to get their road as they originally planned.

ODDS AND ENDS AND THINGS

By "Skinney"

The United States is spending \$1,000,000 in cash every day in payments to disabled ex-service men and their dependents. Colonel Charles P. Forbes, director of the Veterans' Bureau, declared in an address before a convention of veterans.
The Government will spend \$510,000,000 for soldier relief during 1922, Forbes said, pointing out that this sum was greater than the entire expenditure of the Government for any year prior to 1897.

The fellow who rails against your Uncle Samuel for his alleged failure to take proper care of his ex-service men, will find by pursuing the following item that more than republics are ungrateful.

"Gratitude? The British Government knows no such thing. Hope we are, two American citizens who enlisted with the British forces at the outbreak of the war. Both of us were wounded. We have just been deported from England as though we were two criminals. We were deported because we neglected to register under the new Alien Registration act which is in force in England."

This statement was made in unison by George Belmont Wilson, a former officer in the British Navy and Clarence Southland, a former captain in the British Army.
Wilson enlisted in the British Navy as soon as war was declared. He claims to have been the first American to enlist in the British forces at the outbreak of the war. Both of us were wounded. We have just been deported from England as though we were two criminals. We were deported because we neglected to register under the new Alien Registration act which is in force in England."

This statement was made in unison by George Belmont Wilson, a former officer in the British Navy, and Clarence Southland, a former captain in the British Army.
Wilson enlisted in the British Navy as soon as war was declared. He claims to have been the first American to enlist in the British forces. After months of active service in the North Sea Patrol, he was made a prisoner and sent to the German prison camp at Hapen. He was in London when he was arrested, because he had failed to register as an alien. He was confined in Brixton Prison.

His wife and two children were only allowed to see him once and that was for only five minutes just before he was deported. They are now destitute in England.
Southland enlisted in the British Army in 1911. He was discharged in Palestine in August, 1921. As he got off the ship that was bringing him back to England, the police arrested him for not registering as an alien.

"I had to wash him every time I took him out," Mrs. James H. Henry a Detroit woman, told Judge Dingeman in Circuit Court in asking for a decree of divorce from her husband. "He also took great pride in showing his friends how to beat up a wife," she said. She was granted a divorce.

PAINS SO BAD WOULD GO TO BED

Two Women Tell How Lydia E. Pinkham's Vegetable Compound Stopped Their Suffering

Iron Mountain, Mich.—"I had terrible pains every month and at times had to go to bed on account of them. I saw your advertisement and took Lydia E. Pinkham's Vegetable Compound with very good results. I can work all day long now at my sick time. You may use these facts as a testimonial and a recommendation of the Vegetable Compound to my friends."
Mrs. A. H. GARLAND, 218 E. Brown St., Iron Mountain, Michigan.
Xenia, Ohio.—"Every month I had such pains in my back and lower part of my abdomen that I could not lie quietly in bed. I suffered for about five years that way and I was not regular either. I read an advertisement of what Lydia E. Pinkham's Vegetable Compound had done for other women, so I decided to try it. It surely has helped me a lot, as I have no pains now and am regular and feeling fine."
Mrs. MARY DALE, Route 7, Xenia, Ohio.

Lydia E. Pinkham's Vegetable Compound is a medicine for women's ailments. It is especially adapted to relieve women. If you suffer as did Mrs. Garland or Mrs. Dale, you should give this well-known medicine a thorough trial.

Enjoyable Meeting Of W. C. T. U. Friday Night

The regular meeting of the Woman's Christian Temperance Union was held in the Y. M. C. A. yesterday evening, with a goodly number of active members present.

The special drive for new members, to add two thirds more to the state membership, was discussed and earnest work is expected.

Mrs. Runk read explanation of the Frances Willard or Memorial Fund, and of the L. M. N. Steven's or Legislative Fund.

"Our Supreme Task" read by Mrs. Chorpennig, splendid and convincing argument by U. S. Senator Nelson, of Wisconsin, now widely quoted as a strong exponent of the 18th Amendment.

"Where Did You Get That Information?" An amusing talk, read by Mrs. Smith, of a woman who was

greatly surprised by the knowledge displayed by the W. C. T. U. woman. In various lines, new to the questioner, who did not read Temperance Literature.

As Citizenship is one of the chief studies of the W. C. T. U. this year a short time was spent in "Studies of Government," as prepared by National Secretary, Mrs. Perkins. A report of the Clearfield Y. P. B. recently organized, puts it in a flourishing condition.

Pushing a fifty million dollar load off the motion picture producers each year will be the first move of the Hays regime. By a radical change in the method of distribution of films, a triplicate handling will be dispensed with. It will cost between thirty-five and fifty million dollars to put the scheme in operation, as it involves building structures in a number of large cities. In substance, when the plans are completed, it means that the American Railway Express Company will become the postal service of the film industry and it will act as a clearing house for all the producers. The result, in case it is a success, may be the adoption of the same system by other industries and will cause a revolution in transportation methods as well as the saving of millions of dollars. Prompt and economical transportation and distribution is a vital factor in the cost of all commodities. Mr. Hays, through the movie industry, may point the way to better methods in many industries.

Henry Ford, a name to be conjured with. We might term him the "How-geeth" and the "Whence-comeeth" of the century. All things start and end with Henry. He it is who is the stock ticker of the automobile industry. When he drops prices, they all follow suit. Even the International Harvester, after a quarter century of price fixing, in spite of trust busting federal officers, is forced to knuckle to the Ford rate-making machine. Incidentally, competition is seen to be a more effective remedy against high prices of any products than the governmental investigations that so many clamor for.

HARVESTER TRUST FORCED BY FORD TO CUT PRICES

Chicago, Ill., Feb. 4.—Results of the recent drastic cut in the price of Ford tractors was seen here today in the announcement by the International Harvester Company of a reduction of \$200 on two plow tractors 300 on three-plow tractors. To every farmer buying a tractor the International Harvester Company will present a tow or three furrow plow or tractor disc harrow. This reduction is not justified by any reduction in manufacturing costs, it was announced, it is made chiefly to meet competition and to enable dealers to maintain their position in the tractor trade.

FORD, NEW OWNER OF LINCOLN MOTORS, MAKES BIG SLASH

Detroit, Mich., Feb. 4.—The greatest slash in automobile prices ever announced was made here today by the Lincoln Motors Company immediately after it had been bought at bankrupt sale for \$8,000,000 by Henry Ford. Prices on all motor cars were slashed, varying from \$800 to \$2000. The announcement of the cut was made by Henry Leland, president of the concern, who will be retained in charge under Ford's ownership.

C. H. S. FAILS TO WIN GAME FROM NEW BETHLEHEM

By DICK LEIPOLD

The game is never won until the final whistle blows (and some times not then) as was again demonstrated in last night's basketball game between Clearfield Hi. and New Bethlehem Hi. on the local floor, when New Bethlehem in the last minute of an extra 5 minute period, tossed out C. H. S. to the doleful tune of 41 to 38. But such is "life" (always springing the unheard of jokes) and last night's victory by New Bethlehem was as unforeseen by the majority of the Red and Black's followers, as the winning of a big league pennant by one of the Philadelphia ball clubs.

The locals entered the game without the services of Captain Martin and Howe, who are ineligible at present, due to scholastic difficulties. The loss of the above named players was announced last Wednesday, and Coach Grano had to make a last minute shift in his five. But never the less, Clearfield out played and out passed the Clarion county team during the entire first half, when Clearfield out scored the visitors 19 to 12, New Bethlehem caging but two field goals to C. H. S.'s six.

Second Half N. Bethlehem Rallies
The West-Statens entered the fray all geared up to "meet and beat" any team of kids like this Clearfield bunch, to quote Jimmie DeHart, an American Foot Ball player and Kiski basket ball star, who is New Bethlehem's advisory coach. During the second half it was all T. Carlos and Daugherty for New Bethlehem. These two players scored 22 points jointly, and were directly responsible for Clearfield's defeat. T. Carlos registered six fouls in a row. Traxis got a basket, and the score stood, N. B. H., 20; C. H. S., 23.

The Red and Black forged ahead again 25 to 20 thru Brown's two points. Carlos shot a foul, and Daugherty, the visiting center made two of these "once in a thousand" shots from beyond mid-floor, making the score 25 to 27 in Clearfield's favor. The score continued to slowly mount higher. Clearfield always being at least one point ahead, until with the score standing 32 to 34, T. Carlos brought the crowd to its feet by a sensational field goal from the west side of the court. The count was now 34-34. A brace of baskets not 20 seconds apart, the first by Daugherty of N. B. H. and the second by Johnson of the locals, tied the score as the stop watch called a night's work.

Extra Period Drops C. H. S.
Failure to score field goals when they counted most was fatal to the local students. Jimmy Smith dropped two perfect fouls thru, while McNutt jumped into the scoring column by ringing up his first field goal. It was a shot typical of an extra period game, hurried and without arch, but it bounced all around the rim and dropped thru tying the score at 38-38. Clearfield's forwards had enough shots balance on the edge of the basket and then fall on the wrong side to give New Bethlehem's Coach heart failure, and the local rosters a case of "nerves" but they didn't tally. Once again this man Daugherty came across with a long range basket, boosting the Clarion counts ahead 40 to 38; a foul was called on C. H. S. Carlos converted

it into a point as the final whistle blew, with the score standing 41 to 38 in New Bethlehem's favor.

It was a hard one to lose, especially to the New Bethlehem High whose team is not to be classed with Brookville and not to detract from the visitors' victory, it must be said they were unusually lucky in long shots, Daugherty and Carlos making baskets from seemingly impossible positions throughout the game, while the two baskets in the final period were fortunate in the extreme, not only being from mid-floor, but straight angled shots, without the semblance of an arch.

The local lads put up a game fight every player giving all he had. Jimmy Smith was high scorer with six field goals and 16 fouls for a total of 28 points, while Huddy Johnson garnered three baskets and Brown two.

The line up:

Khaki.
To India, by way of England, we owe the word "khaki". There was a sect of Brahmins—and it is still in existence—who applied the ashes of cow-dung to their clothes and persons. They were called "khaki" because of that coloration—or discoloration. The word was naturally applied to the earthy or clay color in the uniforms of soldiers or sepoys by the British government. Hence the protective light chocolate dye employed in British military uniforms.

Economic Waste in Bad Eyes Seen by Treasury Secretary

Andrew W. Mellon, Secretary of the Treasury

GREAT economic and industrial waste will be eliminated in the United States when the evil of defective vision is better realized and measures taken to combat it, according to Secretary of the Treasury Andrew W. Mellon.

Secretary Mellon sees also the preservation of the health of the individual and a consequent increase in efficiency when once action is universal against poor eye-sight in both schools and industrial establishments. "Modern industrial and educational activities require easy and adequate vision for their proper performance," Secretary Mellon said. "Many researchers, some of which have been conducted by the U. S. Public Health Service, show that defective eye-sight handicaps children in acquiring the education which we as a nation must rely on to assist in developing good citizenship; and, in our industries, defective eye-sight is a fruitful source of industrial accident, lowered production, and physical and mental fatigue."

"There can be no doubt that measures which will enable the individual to enjoy the fullest and easiest vision of which he is capable will not only add much to individual comfort, happiness and enjoyment of life, but will remove a cause of great economic and industrial waste, and aid in preserving individual health and efficiency."

A number of our people attended the chicken and waffle supper at the Lutheran church on Thursday evening.

The members of the Philathea class of the M. E. S. S. gave their sister member Mrs. Dean Shirey a surprise birthday party on Tuesday evening. The affair was a delightful one and thoroughly enjoyed by all present.

A delightful carpet-rag sewing party was held on Wednesday at the home of Mrs. Roy Peters at Mineral Springs.

About two weeks ago mention was made in the Woodland letter to the effect that engineers were at work surveying the route of the proposed new improved road from the N. Y. C. station at Woodland to Pleasant Valley church on the road to Shawville, a distance of two miles. This project having been authorized by the voters at a special election, it now turns out that the improved road is to be only one half of the proposed road, as the survey was only

carried to the Chas. Barger farm at the forks of the road.

We would like to know who is responsible for the cutting in half of this badly needed road and why the amount allotted to the village of Bigler is to remain at its full 100 per cent. A project voted on at the same time by the same citizens or is the political pull of the Bigler politicians so great that they can get the County Commissioners to ignore the project of a new road in the heart of the township and locate the road at the extreme eastern end of it to spit the convenience of voters who live outside the boundary of Bradford township. We admit that if there is not sufficient money at the disposal of the County Commissioners to build all of the improved roads desired by the township it must be cut down but why discriminate or why is our end cut 50 per cent and the other road to remain 100 per cent.

It looks like there is considerable learning towards the building of the new bridge over the river at Bald Hill as the Bigler end of the new road leads toward Bald Hill. Maybe the County Commissioners could throw some light on this subject and we certainly would like to hear from them.

COURT NOTES

A. M. Johnston, in a petition filed in Prothonotary Ralston's office yesterday, asks the Clearfield county court to divorce him from Tallie Johnston. He says they were married June 8, 1921, and that his wife deserted him July 23, 1921.

James A. Gleason, 1847, filed a divorce petition for him E. Knarr, who seeks to be legally rid of his wife Mary Irene Knarr. The Knarrs were married April 18, 1915, and it is alleged the wife deserted her hubby on Jan. 29, 1920.

Attorney Walter Welch presented a similar petition on behalf of Mrs. Ora Conrad, who asks to be divorced from Isaac Conrad, whom she married March 9, 1904, and was forced to leave Oct. 9, 1920. She charges wholesale violation of the marriage vows and names Gertrude Stewart and Ella Ardary, as co-respondents. She also makes additional serious charges against the alleged philandering husband.

WHY WOULDN'T IT MAKE HIM MAD

Grampian, Pa., Feb. 3, 1922.

Editor Progress:

Please give our little town its "place in the sun" by publishing the following description of a happening which has the "bull down town" by the ears, by heck! and serves to demonstrate once more that even in this land of the free and home of the brave "uncasy lies the head that wears the crown" of authority.

Harry McKeeven, better known as "Boyo", gentleman of leisure, living near Grampian, while coming into town the other day witnessed a couple of roosters fighting near the old livery stable. He went to the Burgess A. C. Woods and informed him of the fight. Burgess Woods asked the names of the combatants. "Boyo" refused to divulge this information on the ground that he did not want to be implicated. The Burgess said "Are they drunk?" "Boyo" said "Well they are staggering like I do when I am drunk". So our very zealous Burgess went to view the scene of action. Before he returned the story was pretty well circulated over town, much to Mr. Wood's evident displeasure. He kept his anger pretty well under control until he happened to overhear one of our esteemed citizens telling the story to a crowd in the post office. There the Burgess lost all control of himself, his tongue in particular. He ordered Officer Ketch, our brave keeper of the peace, to arrest "Boyo" and bring his body before him. "Boyo" objected strenuously, so they compromised on "Squire Rafferty". Officer Ketch hid the culprit to the "Squire's" office which was soon filled to overflowing. The Burgess entered his complaint, much to the ineffectment of the onlookers. "Squire Rafferty" after pondering deeply told the Burgess that he had no case, but Mr. Woods had let his temper get the better of his judgment and refused to enter a "Nolle Prosser". The "Squire" after consulting all the dusty old law books in his office, dismissed the case telling the Burgess that Les Maiceste was punishable only in foreign countries. Then the discomfited Burgess went home vowing vengeance. But Officer Ketch got his dander up and tried to retrieve his superior's prestige and offered to take satisfaction out of "Boyo's" hide. "Boyo" de-

clined with thanks. So, Grampian citizens are all having a little fun at the new Burgess' expense.

AGED GLEN RICHEY WOMAN DIES

Heien Patterson Palmer died of pneumonia on January 30th, 1922, at her home in Glen Richey where she has resided for the past thirty years. She was born in Barraighule, Scotland, on April 1, 1849, therefore, being 72 years, 9 months, and 29 days old at the time of her death. She was married to John Palmer in Scotland in 1868. She came to America on Sept. 28, 1882 and settled in Snowshoe.

12 children were born to the union. Four of them besides the husband survive, namely, John at home, Robert of O'Shanter, Ralph of Conport and George of Ansonville. She also leaves eighteen grandchildren and 11 great grandchildren.

She was a devoted Christian and a member of the Glen Richey Presbyterian church.

The funeral was held on Wednesday February 1, and was conducted by Rev. Seymour of Glen-Richey. The remains were laid to rest in Blooming-ton Cemetery.

The Silent "H"

The letter "H" is not pronounced at the beginning of the word hour, hair, arch, humor, honest, honor, and their derivatives. Many people are unaware of the fact that the word hour does not have its "H" sounded. "H" is silent also when it comes after the letter "R" as in determination.

Just Mental Broadening.

YOUR NERVES AND YOUR JOB

Medical authorities are unanimous in asserting that poor vision heavily taxes nerve force, and is therefore a vital drawback to mental efficiency. Unknowingly 70% of us all have poor vision, in some degree. Stop thinking that your vision is all right—know! See an optical specialist. Remember correct vision means banished "nerves," more mental energy and efficiency to put into your job.

AZOA

A New Exterminator
For Rats and Mice

Azoa is a disease-producing virus which when eaten by a rat or mouse develops a disease which kills in from 14 to 28 days.

An important characteristic of Azoa is that rats and mice infected with the disease it produces almost invariably seek the open air to die. Thus the nuisance of dead rats about the buildings, under floors, in yards, etc., is practically eliminated. During the many years that Azoa has been on the market, we have had reports of only a very few cases in which there was any trouble in this particular. Upon investigation it was found that in these cases either escape of the rats was cut off or poison that caused them to die quickly had been used.

It is known that rats are cannibalistic in their habits. Those that first succumb to Azoa being weak from disease are attacked by their fellows and devoured. In this manner the disease is transmitted from one to another.

Tyrone Engineer Is Retired With Record For Faithful Service

John Nevin Hasson, of Tyrone was retired on February 1st, after an active service of forty one years on the Tyrone Division, thirty two years of which were served in the capacity of passenger engineer. Few men, upon retirement can boast of such a proud record as is Mr. Hasson's. In his forty one years of faithful service he worked forty one Christmas Days and forty New Years, having missed New Years of this year owing to illness. Of all the other Holidays in this time, he worked all but three, those being three fourth of July when he was ill. He was never disciplined for an infraction of the rules of the Company.

He entered the service on the Tyrone Division on July 30, 1881, as a freight brakeman, serving in that capacity until April 5, 1887, when he was promoted to a freight engineer. On March 1, 1890, he was promoted to a passenger engineer, serving as such until retirement.

In all his service Mr. Hasson was in but one accident of any account, and that when he was a passenger engineer on the Moshannon Branch. They were running along at a pretty fair clip when suddenly the engine turned clear over and rammed her stack in the ground. Mr. Hasson suffered injuries about the hand, but was off duty but two days as a result. The fireman was unhurt.

Owing to his long service in the old doors Mr. Hasson enjoys the best of health and bids well to live long to enjoy his merited vacation. For the past fifteen years he has made his residence in Tyrone, where he will continue to reside.

Double Wedding At The Sankey Home At Osceola On Monday

The home of Mr. and Mrs. John Sankey in Osceola Mills was the scene of a very pretty double wedding on Monday January 30th, 1922, at 4 o'clock, the occasion being the marriage of their daughter Miss Mae to Wesley Tippet, of Houtzdale and their son, Maynard, to Miss Laura Mahew, of Phillipsburg.

The ceremony performed by Rev. J. W. Skillington, of the Osceola M. E. church, was witnessed by quite a number of invited guests. The wedding dinner which followed was an enjoyable feature of the happy nuptial event. The brides received many gifts of a beautiful and substantial character.

The young people are well known and popular among a large circle of friends, who will wish them well in their new role of life.

Tree Seeds by No Means Alike.
Tree seeds vary greatly in the amount of time they take before they sprout. Seeds of the Kentucky coffee tree must be in the ground at least two years before their hard ends are sufficiently softened to allow the sprout to escape, while cottonwood seeds die within a few hours if they do not fall in favorable soil.
